SCOPE OF WORK

Background and Program Goals

The Oyster Bay - North Hempstead - Glen Cove Workforce Development Area provides employment and training services for residents of the Towns of Oyster Bay and North Hempstead and the City of Glen Cove. Funding for these programs is provided by the Workforce Innovation and Opportunity Act of 2014 (WIOA.)

Services to at-risk in-school youth place a priority on high school dropout prevention, achievement of work readiness skills and recognized credentials; and placement in employment or post-secondary education. Career Pathways and work-based learning are to be promoted as leading approaches. Proposals should be based on youth development principles and best practices that support, motivate, and prepare youth for continuing educational achievements, transition into adulthood, and long-term success in employment. The proposed services design and implementation strategies must be age appropriate, provide a customized mix of services to address individual needs and goals, and lead to attainment of the performance measures.

Furthermore, proposals should describe innovative approaches to service delivery that meet the specifications outlined in this RFP. The organization should demonstrate that it can offer a range of training and employment services for youth based on individual need and employer demand; resources to deliver comprehensive youth services that focus on assisting in-school youth, with one or more barriers to employment; prepare for employment and postsecondary education opportunities; attain educational and/or skills training credentials; and secure employment with career/promotional opportunities. Successful applications will describe in detail the organization's plan to implement the activities described in this RFP; demonstrate ability to innovate; design and develop work experience opportunities and training programs; achieve, track, and report outcomes; demonstrate ability to secure additional funding to supplement existing funding streams; and meet government accounting and expense requirements.

Performance Period

DET will award WIOA Youth Program Provider contracts to entities that demonstrate an ability to effectively deliver and manage services as described herein. It is the expectation of DET that respondents will become proficient in their understanding of the WIOA Youth services, subsequent regulations, and other funding sources. All proposals must be comprehensive and address the full scope of services or demonstrate a relationship with other entities that together will deliver the full scope of services identified within this RFP.

DET anticipates funding grant agreements effective July 1, 2024 to June 30, 2027. Proposals should reflect costs and program outcomes for this three-year period.

Contract Type

Contracts executed as a result of this RFP process will be paid through cost-reimbursement. Final contracts will be subject to any changes in legislation, regulations or policies promulgated by the funding sources. DET reserves the right to vary or change the terms of any contract executed as a

result of this RFP, including funding levels, scope of services, performance standards, referral sources and contract term, as it deems necessary.

Program Design

Programs should be designed to prepare youth for a successful transition to employment and/or post-secondary education. It is anticipated that the majority of the below components will be included in program design:

- Outreach, Recruitment and Eligibility Determination
- Assessment and Development of Individual Service Strategy (ISS)
- Work Readiness Skills/Resume/Interviewing Skills
- Work Experience
- Development of Career Zone Portfolio
- Basic Skills Training if appropriate
- Assistance in obtaining High School or Equivalency Diplomas
- Referral to Training for Occupational Skill Development/Certifications
- Job Search Techniques
- Career Exploration and Counseling

- Job Placement/Referral to post-secondary training

Programs should include a planned schedule of activities, including where the service is to be provided, the staff member/agency providing the service, and other relevant information.

Outreach and Recruitment

Outreach and recruitment activities should be directed to youth who are most in need of services under the Workforce Innovation and Opportunity Act. These efforts may be coordinated with school districts, non-profit organizations, faith-based organizations, community-based organizations, juvenile justice agencies, and other organizations as appropriate. Emphasis should be placed on youth who require assistance in making a successful transition to further education and employment in occupations that lead to self-sufficiency – to get hired, to advance on the job, and to succeed as independent adults.

Performance Measures/Outcomes

The federally funded Workforce Innovation and Opportunity Act (WIOA) youth program is an “outcome based” program. Contracts will be performance-based, and full payment will be contingent upon satisfactory performance as outlined under “Funding.”

Programs will be evaluated based on the following WIOA Performance Measures:

1. Percentage of program participants who are in education, training activities, or in unsubsidized employment during second quarter after exit.
2. Percentage of participants who are in education, training activities, or in unsubsidized employment during fourth quarter after exit.
3. Median earnings of participants in unsubsidized employment during second quarter after exit.
4. Percentage of participants enrolled in education or training programs who obtain a recognized postsecondary credential, secondary school diploma or equivalent during participation or within one year after program exit.
5. Percentage of participants who, during a program year, are in education or training programs that lead to a recognized postsecondary credential or employment and who are achieving measurable skill gains towards those goals.

Provider Responsibilities

Providers are responsible for recruitment, intake and eligibility determination of appropriate youth. Eligibility determination information must be submitted to the Town of Oyster Bay Youth Unit for certification prior to enrollment in a WIOA-funded activity. Youth activities started or completed prior to the application date will not be counted as achieved during the program.

Youth Providers will complete an objective assessment for each participant including academic and occupational skill levels, interests and aptitudes, prior work experience, and supportive service needs. The assessment is to be utilized to develop an appropriate Individual Service Strategy (ISS) plan to meet a youth's individual needs. The ISS identifies the participant's academic and employment goals, and lists appropriate achievement objectives and services. It will include both long-term and short-term goals, career pathways, a plan for needed educational, employment-related and personal support services, and requires a listing of appropriate WIOA youth program elements (pages 3-4). The ISS will identify the timeframe in which each youth will be expected to complete all activities related to each of the goal(s) specified in the ISS and should be updated with the youth during the course of service. The ISS will clearly connect the services to be provided to each youth, identifying the outcomes to be achieved between WIOA enrollment and exit. The ISS directly links to one or more indicator of performance outcomes as outline on page 5.

The Youth Unit will provide the required forms to complete the documentation necessary for eligibility, including the Objective Assessment and the Individual Service Strategy. All forms must be submitted at the time of enrollment. Other required forms will include timesheets, evaluations, progress reports and appropriate follow-up information. Duplicate copies of paperwork submitted to DET must be maintained at the provider site.

During the program, case notes detailing individual participant activities are required on a weekly basis. Proof of attainment of diplomas or certificates, placement in unsubsidized employment, entrance into post-secondary education or the military must be provided to the Youth Unit in order to meet program responsibilities and pass quarterly performance reviews.

Following participant exit, provider will be required to follow-up on a monthly basis, or more often if necessary, for a twelve-month period and provide relevant information with regard to the performance measures and goal attainment to the Youth Unit at the Town of Oyster Bay. Where there has been a change in the participant's situation, i.e., loss of a job or completion of a training program, appropriate assistance must be provided.

Limitations

This Request for Proposals does not commit the Town of Oyster Bay Department of Intergovernmental Affairs' Division of Employment and Training to award a contract, pay costs incurred in the preparation of a response to this request, or to procure or contract for services or supplies. The Town reserves the right to accept or reject any or all proposals received as a result of this request, to negotiate with all qualified sources, if it is in the best interest of the program, or to cancel in part or in its entirety this Request for Proposals. The Town may require offerors selected to participate in negotiations and to submit such cost, technical or other revisions of their proposal, as a result of any such negotiations. Applicants' protest rights are limited to violations of federal, state or local laws and regulations.

Affirmative Action and Equal Employment Opportunity

The Oyster Bay-North Hempstead-Glen Cove Local Workforce Development Board is committed to the principles of Affirmative Action and Equal Employment Opportunity and hereby reaffirms that commitment. The Board, its' Grant Recipient and sub-contractors will comply with all of the nondiscrimination and equal opportunity provisions of the Workforce Innovation and Opportunity Act of 2014, and will comply fully with the nondiscrimination and equal opportunity provisions of WIOA Section 188, which prohibits discrimination against all individuals in the United States on the

basis of race, color, religion, sex (including pregnancy, childbirth, and related medical conditions, sex stereotyping, transgender status, and gender identity), national origin (including limited English proficiency), age, disability, political affiliation or belief, and against beneficiaries on the basis of either citizenship/status as a lawfully admitted permanent resident alien, refugee, asylee, parolee, or other immigrant authorized by the Attorney General to work in the United States or participation in any WIOA Title 1-financially-assisted program or activity; the Non-traditional Employment for Women Act of 1991; Title II of the Genetic Information Nondiscrimination Act of 2008; Title VI of the Civil Rights Act of 1964, as amended, which prohibits discrimination on the basis of race, color, and national origin; Section 504 of the Rehabilitation Act of 1973, as amended, which prohibits discrimination against qualified individuals with disabilities; the Age Discrimination Act of 1975, as amended, which prohibits discrimination on the basis of age; Title IX of the Education Amendments of 1972, as amended, which prohibits discrimination on the basis of sex in educational programs; and with all applicable requirements imposed by or pursuant to regulations implementing those laws, including but not limited to 29 CFR Part 34. The United States Department of Labor has the right to seek judicial enforcement of this assurance. WIOA provides priority of service to all veterans and eligible spouses under all programs. Therefore, veterans and eligible spouses will be given priority over noncovered persons for the receipt of employment, training and placement services. A veteran or an eligible spouse must either receive access to a service earlier in time than a non-covered person or, if the resource is limited, the veteran or eligible spouse must receive access to the service instead of or before the non-covered person.

Proof of Insurance

Approved service providers will be required to submit proof of Workers Compensation and General Liability Insurance in the amount of: Personal Injury - \$1,000,000 per occurrence/\$2,000,000 aggregate; Property Damage - \$500,000 each occurrence. Liability Insurance must name the Town of Oyster Bay as an “Additional Insured” and must be accompanied by an endorsement certificate. Such insurance must be maintained for the duration of the program.

Eligibility for Selection

Eligible applicants include public or private entities with experience in the delivery of employment and training services to youth as outlined in this RFP.

Funding

A total of approximately \$175,000 is available for the period of July 1, 2024 through June 30, 2027, based on anticipated funding under the Workforce Innovation and Opportunity Act (WIOA). Contingent on WIOA youth expenditure requirements and availability of funding, additional funds may be available to better serve the needs of youth, which can include enrollment of additional youth and/or provision of supplemental services. Funding will cover two years of program activities, and one year of follow-up (for those participants who “exit” WIOA services in the second year of the program.) DET, pending funding availability and program performance, may extend the contract for a maximum of an additional 12 months. DET reserves the right to utilize this total approximate funding for multiple grants. The contract spans two summer work experience program cycles. Limited work experience may also be provided during the school year. Work experience wages will be paid directly to the participants; therefore, work experience wages should **not** be included in the funding request.

Funding will be based on the number of youth to be served, the program design, and the number and quality of program elements provided within the design. Funds under this RFP cannot be used to pay for services that are currently funded through other sources. Rather, they are intended to fund additional services, so that the range of service options available to targeted youth to successfully transition into a self-sufficient adulthood are expanded and made more comprehensive.

The Town of Oyster Bay Youth Unit will negotiate performance benchmarks with the contractor prior to the beginning of the program. Benchmarks will be established based on planned outcome (goal) data submitted to the Town of Oyster Bay within the proposer's completed application. The programs will be evaluated quarterly to assess progress toward meeting benchmarks based on performance goals and will be subject to probation or cancellation for failure to perform.

Review and Evaluation

Proposals will be reviewed by the Oyster Bay-North Hempstead-Glen Cove Youth Committee. Recommendations of the Youth Committee will then be reviewed by the full Workforce Development Board, which will have responsibility for final approval.

Proposals must be responsive to this RFP in order to be rated. To be responsive, proposals must:
